

Manuscript Evaluation Form—Asian Sport Management Review (ASMR)

Received Date						
Reviewer						
Date of Review Completed						
Serial Number of Manuscript						
Title of Manuscript						
Evaluation Items	Criteria	Very Poor	Poor	Acceptable	Good	Very Good
1. Title	Does (Do) the author(s) select an ideal title to represent the content of this study?	1	2	3	4	5
2. Introduction	Does (Do) the author(s) describe rational purposes?	1	2	3	4	5
	Does (Do) the author(s) describe appropriate research questions?	1	2	3	4	5
	Does (Do) the author(s) describe reasonable delimitation to reflect the topic of this study?	1	2	3	4	5
3. Literature Review	Does (Do) the author(s) utilize appropriate theories and ideal studies to support this study?	1	2	3	4	5
4. Methodology	Does (Do) the author(s) adopt appropriate sampling method to conduct this study?	1	2	3	4	5
	Does (Do) the author(s) adopt appropriate research design?	1	2	3	4	5
	Does (Do) the author(s) utilize proper research instrument?	1	2	3	4	5
	Does (Do) the author(s) sufficiently describe the validity of this study?	1	2	3	4	5
	Does (Do) the author(s) sufficiently describe the reliability of this study?	1	2	3	4	5
	Does (Do) the author(s) adopt	1	2	3	4	5

	appropriate data analysis method?					
5. Findings and Discussions	Does (Do) the author(s) provide relevant and logical descriptions/explanations related to the findings?	1	2	3	4	5
6. Conclusions and Suggestions	Does (Do) the author(s) provide insightful conclusions and suggestions of this study?	1	2	3	4	5
7. Contributions	To what extent does this study make significant contributions to the field of sport management?	1	2	3	4	5
What is the strength of this manuscript?						
What is the weakness of this manuscript?
